Chemical Economy & Engineering Review

January 1973 — December 1973

January 1973 Vol. 5 No. 1 (No. 57)

Hydrogen and Energy
by C. Marchetti 7
Application of Nuclear Fission Energy to Chemical Industry
by Dr. Akibumi Danno 26
Technological Innovations and Future of Chemical Technology
by Kunio Goto 33
Development of Graft Carbon
by Sugiya Fujii 37
One-Step Isoprene Synthesis Process from Isobutene and Formaldehyde
by Kenji Naito and Katsuhiko Ogino ... 42
Japan's Synthetic Detergent Industry and Trends in Raw Materials
by Staff Writers 48
Prospects for Synthetic Resin Industry
by Shinichi Ikeda 52
Trends in Stabilizer Production
by Yoshio Ichikawa 54
News Scope
Urban Industry as Nucleus of Knowledge Industry—Social Capital in 1985 Estimated at ¥ 80 trillion .. 57
Joint Ventures in Tank Manufacture 57
Photodegradable Plastics 58
Pressure-sensitive Adhesives 59
New Plant
Naphtha Reforming Unit Adopting Process Computers 56
Business World
Nuclear Energy....59/Ocean Development & Petroleum ....59/ Chemical Industries....60/Plant Engineering.... 61/Steel & Other Metals....62
Index to Advertisers 68

February 1973 Vol. 5 No. 2 (No. 58)

Structural Changes in World Petroleum Economy
by Mitsuo Takei 7
Future of Japanese Oil Industry
by Tosuke Inokuchi 9
Oil Industry in People's Republic of China
by Staff Writers 13
Refinery Planning
by K. Kosugi & Y. Hosoya 15
Newly Developed Tray for Distillation and Its Applications
by Shogo Tanigawa 22
Computer Control of Refinery Off-site Facilities
by A. Mizuno & M. Higuchi 28
Computer-Aided Process Engineering System—CAPES—
by T. Maejima, A. Shindo & T. Umeda .. 34
Titanium for Condenser Tubes
by Staff Writers 42
News Scope
Models of Pollution-free Petrochemical Complex and Refinery 46
Ethylene from Crude Oil Asphalt 46
Clad Steel Plates 47
Emerging Hydrocyanic Acid Chemical Industry 48
Present and Future of Catalyst Technology 48
Japan-U.S. Symposium on Waste Disposal and Recovery of Resources 50
New Plant
MRG Process SNG Plant 33
Business World
Nuclear Energy....50/Ocean Development & Petroleum ....51/Chemical Industries....52/Plant Engineering.... 53/Steel & Other Metals....54
Index to Advertisers 58

March 1973 Vol. 5 No. 3 (No. 59)

Changes in Energy Structure and Ammonia Manufacturing Techniques
by Masanao Esaki 7
International Conference on Nuclear Energy Development
by Staff Writers 19
High-temperature Gas-cooled Reactor and Heat-resisting Metals
by Staff Writers 22
Developmental Trends in Manufacturing Processes for Low-Density Polyethylene in the World
by J. Joly 24
Olefine Oligomers—Their Properties and Applications
by Y. Shibahara & M. Inui 28
New Process for Glycol Synthesis
by Akio Mitsutani 32
New Heat-resisting Epoxy Resin—Triglycidyl Isocyanurate (TGIC)—Domestic Production and Development of Applications
by Kyoichi Zushi 36
Company Profiles 42
Japanese Chemical Manufacturing Technology for Licensing and Sales 54
Suppliers of Chemical Manufacturing Technology 63
News Scope
LNG Demand Rising: SNG Process Being Developed 43
Tie-up on Gasification Power Generation 43
Joint Venture in Low-temperature Equipment 44
Investment in Antipollution Equipment Up 28% 44
Engineering in Nuclear Power Plant Construction .. 45
First Offshore International Exhibition for Olympia in 1974 46
New Plant, New Process
Mercury Removal and Recovery Plant 18
Submerged Combustion System for Desulfurization 21
Business World
Nuclear Energy....46/Ocean Development & Petroleum ....46/Chemical Industries....50/Plant Engineering.... 52/Steel & Other Metals....62
Index to Advertisers 64

April 1973 Vol. 5 No. 4 (No. 60)

Energy System Geared for the Environment
by M. Fushimi & S. Wakamatsu 7

Chemical Economy & Engineering Review

January 1973 — December 1973

January 1973 Vol. 5 No. 1 (No. 57)

Hydrogen and Energy
by C. Marchetti 7
Application of Nuclear Fission Energy to Chemical Industry
by Dr. Akibumi Danno 26
Technological Innovations and Future of Chemical Technology
by Kunio Goto 33
Development of Graft Carbon
by Sugiya Fujii 37
One-Step Isoprene Synthesis Process from Isobutene and Formaldehyde
by Kenji Naito and Katsuhiko Ogino ... 42
Japan's Synthetic Detergent Industry and Trends in Raw Materials
by Staff Writers 48
Prospects for Synthetic Resin Industry
by Shinichi Ikeda 52
Trends in Stabilizer Production
by Yoshio Ichikawa 54
News Scope
Urban Industry as Nucleus of Knowledge Industry—Social Capital in 1985 Estimated at ¥ 80 trillion .. 57
Joint Ventures in Tank Manufacture 57
Photodegradable Plastics 58
Pressure-sensitive Adhesives 59
New Plant

April 1973 Vol. 5 No. 4 (No. 60)

Energy System Geared for the Environment
by M. Fushimi & S. Wakamatsu 7

Utilization of Helium and Development of Refining and Recovery Systems
by T. Yamamoto & H. Suzuki 22
Optimum Utilization of Nuclear Energy
by Hiroshi Murata 30
Seawater Pollution and Ocean Development
by Hiroshi Shimizu 32
Technology Development for Labor-saving and Food Production
by Tamechika Yamamoto 34
Disposal and Recovery of Solid Waste and Significance of Japan-U.S. Scientific Symposium
by Mitsuzo Tsuda 36
Proceedings of First Japan-U.S. Joint Symposium on Solid Waste Management and Resource Recovery Systems 39
Solid Waste Management in the United States of America
by H. Lanier Hickman, Jr. 42
Solid Waste Processing and Disposal Technology in the United States
by Walter W. Liberick, Jr. 51
Resource Recovery: An Assessment
by John P. Lehman 62
Industrial Waste Treatment and Recycled System
by Keishin Matsumoto 70
Resource Recovery and Giant Vacuum Transportation System
by Shigeru Watanabe 72
Preliminary Investigation on Offshore Welfare Plant
by Minoru Ishida 76
Status of Plastic Wastes and Development of Disposal Techniques
by Staff Writers 83
Company Profile 35
News Scope
Superconducting Materials 87
Japanese Oil Industry Expanding Operations Abroad 87
Liquefaction Process for LNG Plant 88
Automatic Drafting System 88
New Plant, New Process 31, 97
Business World
Nuclear Energy....89/Ocean Development & Petroleum ....91/Chemical Industries....93/Plant Engineering.... 95/Steel & Other Metals....96
Index to Advertisers 102

May 1973 Vol. 5 No. 5 (No. 61)

Cooperation of Oil Producers and Users Urged
by J.K. Jamieson 7
Energy Situation and Related Tasks—Depletion of Natural Resources and Higher Energy Utilization—
by Arimasa Baba 10
R & D in Steel Industry Toward Resource Economizing
by Masayoshi Hasegawa 11
Progress in Internationalization of Japanese Economy and Oil Industry
by Tosuke Inokuchi 13
Petrochemical Industry in the Era of Internationalization and Historical Questions in Technology Development
by Kiyoshige Hayashi 19
Control of Air Pollution and How Much It Costs —Examples of Calculations for Japan in 1985
by Junichi Nagai 28
Manufacture of Acetylene by Alternating Arc
by Osamu Mukai 41
Trend of Restraints on Flammable Fabrics and Technology Development
by Hideo Terasaki 47
Company Profile 46, 58
News Scope
Closed-Cycle Gas Turbine 55
Welding Crack Inspection System 55
World's Largest LNG Tank in Algeria 56
New Chemical Technology Aims at Boundary Regions 57
Sebacic Acid by Synthetic Process 58
New Plant, New Process
MON Process for Nitrogen Oxide Removal 54
Toray Completes Paraxylene Facility 54
Nippon Mining's Mizushima Refinery 56
Business World
Nuclear Energy....59/Ocean Development & Petroleum ....59/Chemical Industries....62/Plant Engineering.... 62/Steel & Other Metals....66
Index to Advertisers 64

June 1973 Vol. 5 No. 6 (No. 62)

Enlarged European Community and Pacific Economic Region
by Akio Nomura 7
U.S. Energy Policy and Japan's Course
by Tosuke Inokuchi 12
Energy Conservation and Nuclear Power Complex
by Akio Ito 17
Present Status of Japan's Petrochemical Industry
by Staff Writers 20
Central or Integrated Waste Heat Recovery
by A. Mol 24
Air Pollution Control Measures and Costs—Estimates Made for Japan in 1985—(Sequel)
by Junichi Nagai 30
Flaw Inspection of Large Pressure Vessels by Acoustic Emission Method
by T. Watanabe, S. Hashirizaki and H. Arita 37
Maleic Anhydride Supply and New Processes
by Staff Writers 47
Company Profile 51
News Scope
Enriched Uranium Problem Under Spotlight 49
U.S. Joint Venture on HTGR 50
High-calorie SNG 50
Active Desalting Projects 50
New Plant, New Process 16, 46
Business World
Nuclear Energy....52/Ocean Development & Petroleum 52/Chemical Industries....53/Plant Engineering....55/ Steel & Other Metals....56
Index to Advertisers 58

July 1973 Vol 5 No. 7 (No. 63)

Role of Science and Technology in Energy Conservation and Food Production—Synthesis and Utilization of Methanol in Natural Gas Producing Areas
by Tamechika Yamamoto 7
U.S. Phosphates in World Fertilizer Trade
by Kenneth F. Lundberg 13
Changing Environments for Plastics Industry
by Tadashi Kato 17
Future of Chemical Industry and Hydrocyanic Acid
by Tomio Okada 21
Industrial Fish Culture Using Warm Water —Especially Waste Thermal Water
by Kazuo Hoshiai 26
Technical Problems in Ultrafiltration and Bio-Engineering
by Koichi Hashimoto 35
Prospect for Metaxylene Production and Utilization
by S. Ariki and A. Ohira 39
News Scope
MITI for Life Science, Olefine Production from Asphalt 45
Imports of Chemical Products Mark Substantial Increase 45
Order for World's Largest LNG Tanks 45
Technical Development for Artificial Organs 46
Business World
Nuclear Energy....46/Ocean Development & Petroleum ....49/Chemical Industries....50/Plant Engineering.... 51/Steel & Other Metals....52
Index to Advertisers 48

August 1973 Vol. 5 No. 8 (No. 64)

Open-cycle MHD Electric Power Generation
by Susumu Mishima 7
Metalworking Process Using Very High Fluid Pressure
by Tatsu Fujita and Yoshihiro Yamaguchi 12
Cryogenic Engineering Using Temperatures Between 22°K and 1.8°K
by Adolf Patzelt and Alfred Stephan .. 18
Problems of Development of Superconducting Materials and Intermetallic Compounds
by Takuya Suzuki and Yoshio Furuto .. 29
Production and Uses of Rare Earths in Japan
by I. T. Oiwa 38
Technical Development for Diaphragm-Process Electrolytic Facilities and Process Conversion Plan
by Staff Writers 45
History of the Growth of the Japanese Chemical Industry
by Yogo Shibamura 49
Company Profile 44, 58
News Scope
MITI's Operation Sunshine 55
Computer Control of Ethylene Plant 55
Demand Forecast and Analysis for Chemical Products 56
Demand for Titanium and Nickel 58
LNG Re-liquefaction 59
New Plant, New Product 17, 37, 48
Business World
Nuclear Energy....59/Ocean Development & Petroleum ....60/Chemical Industries....61/Plant Engineering.... 63/Steel & Other Metals....64
Index to Advertisers 68

September 1973 Vol. 5 No. 9 (No. 65)

Subsea Petroleum Resources in Relation to Proposed National-International Jurisdiction Boundaries
by Lewis G. Weeks 7
Petrochemicals and Industrialization of Oil Resources in the Arabian-Persian Countries
by Dr. Zuhayr Mikdashi 22
Offshore Storage Structures
by Yuzo Yoshikawa 25
Pipeline for High Pour Point Crude
by Yoshie Takizawa 34
Electrical Heating by SECT System
by Masao Ando 39
Company Profile 33
News Scope
Prospects for Hydrogen Energy (by Yukio Iwata) 43
Seawater Temperature Difference for Power Generation (by Ken Sato) 44
IHI Signs Technical Pact with Gaz Transport 45
Environmental Production and Safety Needs to Advance Nuclear Energy 46
New Plant 21, 38
Business World
Nuclear Energy....47/Ocean Development & Petroleum ....48/Chemical Industries....49/Plant Engineering.... 53/Steel & Other Metals....54
Index to Advertisers 52

October 1973 Vol. 5 No. 10 (No. 66)

Scientific Approach to Energy Problems
by Dr. Raisaku Kiyoura 7
Significance of Coal Gasification Technology
by Paul F. H. Rudolph 8
On the Cracking of Heavy Petroleum Fractions —Highlights of MITI Report
by Yoshio Tokuhisa 18
Desulfurization of Heavy Oil
by Hiroshi Kuwahara 35
Energy Resources and Technology
by Tsutomu Harada 41
Industrial Uses of Hyperpure Hydrogen, Rare Gases and Inert Gases
by Dr. Ryosuke Goto 42
Economic Internationalization and Technical Exchange
by Koichi Sakakibara 47
News Scope
Refiners Complete Expansion Plans 48
Seawater Desalination Picking Up Momentum 49
Pharmaceutical Industry Preparing for Liberalization 49
Scientific Design and Technip France Associate to Develop New Activities in U.S.A. 50
New Book 17
New Plant 40
Business World
Nuclear Energy....51/Ocean Development & Petroleum ....51/Chemical Industries....53/Plant Engineering.... 57/Steel & Other Metals....58
Index to Advertisers 56

November 1973 Vol. 5 No. 11 (No. 67)

Soviet Economy and Energy Supply and Demand
by Kazuo Ogawa 7
Refinery Construction in New Stage
by Masaharu Ishida 18
Black Petrochemistry—What the Future Has in Store for Petrochemical Industry
by Staff Writers 21
Dow's Strategy as Multinational Chemical Enterprice
by Robert W. Lundeen 25
Optimization of Ethylene/Ethane Separation in the Production of Ethylene
by Walter Kreuter 30
Pyrolysis Feedstocks Flexibility a Must for the New Plants
by J. G. Freiling & M. J. Maddock 33
On Simulation of Pyrolysis Reaction of Hydrocarbon in a Pyrolysis Furnace
by M. Hirato & S. Yoshioka 46
The Design and Location of Quench Coolers for Steam Crackers
by A. Mol 53
News Scope
Development Trends in Pollution-Free Process 59
LNG Trade Projects Active 60
New Product
Experimental LNG Carrier 58
Business World
Nuclear Energy....62/Ocean Development & Petroleum ....62/Chemical Industries....65/Plant Engineering.... 66/Steel & Other Metals....67
